

## Instructors

Christine Taxin has over 20 years as a practice management professional. Her passion for communication, team training, vision and

goal setting has helped many practices meet their potential and increase their profitability. She specializes in moving offices towards the medical dental community and she has lectured extensively on this subject, including insurance cross-code billing. Her workshops are lively and informative with positive feedback from both meeting planners and attendees.

Christine is a proud member of Speakers Consulting Network, American Association of Dental Office Managers, Academy of Dental Management Consultants, NDEDIC (Electronic Notes, Billing) and International Association of Comprehensive Aesthetics. She also teaches at New York Dental School as an adjunct professor.

Dr. Taxin earned his dental degree from Fairleigh Dickinson University in 1981. After graduation he completed a General Practice

Residency program at the Morrisania Neighborhood Family Care Center in the Bronx, NY. He has been in private practice dentistry for over 30 years and has taken numerous post-graduate continuing education courses. He is a graduate of the renowned Las Vegas Institute for Advanced Dental Studies (LVI). With a strong background in all phases of general dentistry, Dr. Taxin focuses on current topics in modern dental care including laser dentistry, gum disease and its connection to overall health, TMJ and sleep apnea appliances. Dr. Taxin is a Fellow in the Academy of General Dentistry and he is a member of the American Dental Association, the Academy of Laser Dentistry, the American Academy of Cosmetic Dentistry and the American Academy of Sleep Medicine.

# Sleep Apnea

## Role of Dentist and the Team

October 26, 2011(9AM-4:00PM) - Cost:\$140.00

DENTAL STUDIES INSTITUTE

7 SPIELMAN ROAD, FAIRFIELD, NJ 07004

### Course Objective- *How to work with Medical Insurance, your patients and Sleep Apnea*

Dr. & Mrs. Taxin will provide you with a long list of related treatments that are connected to Sleep Apnea.

Sleep Group Solutions Vice President John Nadeau will provide hands on training with the equipment needed to provide treatment.

Increased awareness of Sleep Apnea in children and adults needs to be incorporated within the dental practice. The course will bring the knowledge needed to communicate to your patients, work with referring doctors and bring a new life to both you and your team

Our courses are broken into modules for easy learning and increased skills for both doctor and team.

- Provide you with the initial questions a patient should be asked
- Obstructive Sleep Apnea Understanding
- Home studies (What types of studies can you suggest)
- Sleep Appliances (What are the differences?)
- Billing OSA
- A guide to introduction of sleep to your patients and doctors
